NEW!

VOLCANO  
ECO4000

MAX TEMP  
180°C

DIESEL & PETROL  
REQUIRED

VOLTAGE  
12V

CLASS A  
RATING

Introducing the Volcano Eco Series: the ultimate in high-performance cleaning with an economically conscious design.

This advanced 4000psi pressure washer features a powerful Euro-tec 12hp petrol engine and a versatile 12-volt system for both hot and cold water cleaning. Designed with an economical valve, it ensures optimal fuel efficiency while delivering impressive power.

Perfect for both demanding and delicate tasks, the Volcano Eco Series combines robust performance with cost-effective operation, making it the smart choice for professionals who value both power & efficiency.

## FEATURES

### STANDARD

- Powdercoated Buggy with Never Flat Tyres
- 12V DC Boiler System
- 20L Diesel Tank to power the Boiler
- Easy to use Interface with Gauge and Dials
- Stainless Steel Boiler Shroud
- Heavy Duty Seamless Boiler Coil
- Annovi Reverberi - Italian Made Pump
- Euro-tec 12HP Air Cooled Petrol Engine
- Inbuilt Safety Pressure Relief System
- Low Pressure Detergent Spraying
- 10 Metres of HP Hose with Quick Couplings
- Heavy Duty Gun with Stainless Steel Lance & Nozzle
- Adjustable Pressure Regulator

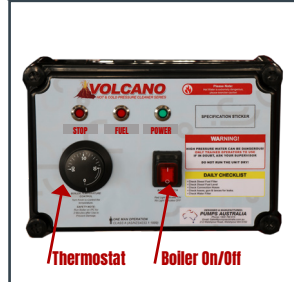

### OPTIONAL

- Upgrade Hose to 20,30,40,50M Lengths
- Turbo Nozzle attachment
